

Introduction to Health Care Careers

Description:

This class is designed to introduce you to the field of health care. You will explore careers in direct and indirect health care; including nursing, emergency medical technician, physical therapist, home health aide and health interpreter.

Requirements:

- ELL Level 2-4
- CASAS Reading (191-220) Using the CASAS Reading form 81/82
- 8 week commitment
- desire to explore different health care careers

Application Process:

This course is offered throughout the year. Registration takes place on Mondays and Wednesdays

Next Steps:

Upon completion of this course students (if eligible) have the options to move into a Pre-CNA, Medical Office Preparation or Introduction to Emergency Medical Services (EMS).
