

Data Requests

Right to Access Public Data

You have a right to look at (inspect), free of charge, all public data that we keep. You also have the right to get copies of public data. The Data Practices Act allows us to charge for copies. You have the right to look at data, free of charge, before deciding to request copies.

North St. Paul - Maplewood - Oakdale Schools cannot require a person to identify themselves or explain the reason for the data request. The Data Practices Act also does not require the District to answer questions that are not requests for data.

Requests for Summary Data

The cost of employee time to search for data, retrieve data and make copies is dependent upon the hourly wage of the lowest paid employee who can perform the work given the data privacy issues related to searching for the records.

If the request involves copies of public data that has commercial value and is a substantial and discrete portion of or an entire formula, pattern, compilation, program, device, method, technique, process, database or system developed with a significant expenditure of public funds by the school district, the responsible authority may charge a reasonable fee for the information in addition to the costs of making and certifying the copies.
