ISD 622 is looking for reading or math tutors for the 2016-2017 school year. Successful candidates receive a stipend for 11 months of service through Minnesota Reading Corps or Minnesota Math Corps. Tutors also receive extensive training, support and general professional development opportunities.

In addition, an education award is available to use toward future education or to repay student loans. Tutors 55 or older have the opportunity to gift the education award to their child, grandchild, or foster child. Full-time tutors may be eligible for health insurance and childcare assistance.
