

# ISD 622 Special Education Advisory Council (SEAC)

## SEAC Mission:

District 622 Special Education Advisory Council (SEAC) exists to advise and collaborate with the district on matters relating to continuous program improvement efforts as they pertain to special education by actively seeking input from students, teachers and the community.

## Why become a SEAC member?

- To become more knowledgeable about Special Education
- To help other families and children with disabilities in my school district
- To help the district work more effectively with families and improve outcomes for children

## How to Participate on SEAC?

If you are interested in becoming a member, contact the Student Services Office at (651) 748-7456. SEAC meets in the evening 3-4 times per school year. Visit the website at [www.isd622.org/seac](http://www.isd622.org/seac) for meeting dates and information.

## For Additional Special Education Information:

- Direct concerns specific to your child to your child's special education case manager
- Find details about special education programs and services at [www.isd622.org/student-services](http://www.isd622.org/student-services) or contact the Student Services Director at (651) 748-7452.

*ISD 622 Student Services Department Mission Statement: Work collaboratively to offer services that respectfully provide the support needed to maximize the learner's potential for independence, self-advocacy and a healthy and productive life style.*
