A. Promotion

Students who achieve at levels deemed acceptable by local and state standards shall be promoted to the next grade level at the completion of each school year.

Opportunities for special programs and placement outside of the school district may also be developed as additional options. All programs will be aligned with creating the world's best workforce.

2. The school district will adopt guidelines for assessing and identifying students for participation in gifted and talented programs. The guidelines should include the use of:

- b. Assessments and procedures that are valid and reliable, fair, and based on current theory and research. Assessments and procedures should be sensitive to under-represented groups, including, but not limited to, low-income, minority, twice-exceptional, and English learners.

3. The school district will adopt procedures for the academic acceleration of gifted and talented students. These procedures will include how the school district will:
 - a. assess a student's readiness and motivation for acceleration; and
 - b. match the level, complexity, and pace of the curriculum to a student to achieve the best type of academic acceleration for that student.

4. The school district will adopt procedures which describe the comprehensive evaluation in cognitive, social, and emotional development domains to help determine a child's ability to meet kindergarten grade expectations and progress to first grade in the subsequent year for early admission to kindergarten or first grade of gifted and talented learners. The procedures must be sensitive to under-represented groups.
